About LEVAH

Shanghai Levah International Trading Co.,Ltd. is one of the leading manufacturers and suppliers of Agriculture, Equine Supplies, Electric Fencing, Pet Supplies, Protective Equipment, etc. We are currently making OEM products for over 30 customers worldwide, some of them are the world-renowned names from Australia, Germany, Hungary, United Kingdom, Ireland, France, Canada, USA, Russia, Ukraine. we are capable of sourcing from reliable and selected manufacturer, keep quality and prices under control so as to supply the suitable products to the oversea market.

At Levah, we strive to create higher value and offer best one station service for our customers all the time. Delivery on time and at a competitive price. In order to accomplish this, we have established strict quality inspection process which include strict inspections of raw materials, approval of batch production samples, standard inspection of manufacturing process, random quality inspection during production and quality inspection in warehouse before shipment. Additionally, all products can be tested upon our customer's requirements to ensure that only qualified products leave our factory. And more, our location enables us to offer competitive price because here in Yangtze River Delta Region, we have rich component resources and convenient transportation.

We have about 200 manufacturers has business connection with us, some of them produce for us exclusively. Different from the manufacturers, we are cautious of the product specification, as some manufacturers are inclined to exaggerate, instead of sales "tactics", we simply describe a product's abilities candidly. All items have strengths and weaknesses. We state both. Our experience and contacts within China can help you reduce the risks of non-performance or sub-standard performance, We always do our best to continually improve your return-on- investment, We try to treat customers as we would wish to be treated.

Choose our service and you will get future-proofed product, we will try our best to meet your requirement on quality, We are ready to help you with whatever you may need. if you have any question, please feel free to contact us.

What We Do?

1. OEM and ODM products used in agriculture, electric fencing, equine supplies, pet supplies, protective equipment, etc.
2. Metal processing, plastic processing, rubber processing and mould making,etc.
3. Sourcing existed products used in the industries same as above.

Digital Volt Tester
VT50101

designed for measuring pulse voltage.
display: LCD
max reading: 9.9
measurement range: 300V ~ 9900V
pulse rate: one pulse every 0.5-2 secs.
size: 174 x 70 x 33mm

Neon Volt Tester
VT50102

designed for measuring pulse voltage.
measurement range: 600V ~ 7000V
when electric fence voltage tester measures impulses, the LED will flash.

Hot Dip Galvanised
HD21401

Diameter: 1.4mm , 1.8mm, 2.0mm, etc.
Materials: Q235B, zinc content: 70g/m²,
